their strategic goals. We are headquartered in Munich, Germany with subsidiaries in India, Sweden, New York, Mexico, Frankfurt, and Stockholm.

We courageously embrace the future, with vision and clarity about where technology & business are heading. Thinking breakthroughs gets us there. In a quickly changing and evolving world, the challenges you face are ever more unique and complex. To find solutions, you need forward-thinking, agile, caring partners that can help you transform, adapt, and build. We excel at digital product engineering and deliver on our promise of thinking breakthroughs.

We are powered by Caring, caring is at the heart of our values, it drives us, drives us to deliver the best results, drives us to be the best colleagues, pushes us to go beyond the needs to deliver the solution. Caring elevates us, between us and for you. Caring is why so many of our clients have been with us over a decade. With our core values being Client-centric, agile, responsible and non-hierarchical, we are not trying to emulate the companies of yesterday, we are the company of tomorrow. We are the future, logistically apart, together always.

**2. People:**

If you were to ask ten people at Nagarro what initially brought them to the company, you might get ten different answers. If you ask them what makes them stay, you tend to get one answer: the people. The people here are what differentiate us in the marketplace, help our clients succeed and most importantly, make Nagarro a great place to work.

**3. Nagarro' s Culture:**

- 1. Fun at Work: - We strongly believe that work is fun.

Dear Vikas Garg,

Greetings from Nagarro!!

Please find the test details below:

There would be an aptitude & technical objective test followed by a coding test (Interview details will be shared later).

Please read the instructions (coding and general) before you start the test.

**Date:** 27<sup>th</sup> October 2021, Wednesday

**1. Aptitude Test**

**Test Duration:** 60 Minutes

**Test access time:** 10:00 AM – 11:00 AM

**Link:** <https://tests.mettl.com/authenticateKey/3o3vjuzri8>

**2. Coding Test**

**Test Duration:** 150 Minutes

**Test access time:** 11:30 AM – 01:30 PM

**Link:** <https://tests.mettl.com/authenticateKey/3o3vnohz40>

**Instructions for coding:**

1. The coding test is further divided into two sub sections – SD and CSD. Both the sections are time based. You will get 90 minutes to solve 3 SD questions and 60 minutes to solve 2 CSD questions.
2. You will not be able to switch back the sections, so make sure that you have completed the section before moving on the next.
3. Section SD and CSD will automatically be submitted once the time is over. You will see a timer on top right corner of the test screen showing the total and section time remaining. Make sure you submit the test before the section timer runs out.
4. If you submit the SD section before time, that does not mean that you will be getting extra time for CSD and vice versa. The timer will be automatically updated.

**Please add the mettl extension before starting the test, please find below the URL for the extension:**

<https://chrome.google.com/webstore/detail/mettl-tests-enable-screen/hkjemkcbndldpbdnbdnibepfoooio>

**Note:** We will be asking camera and microphone permissions from you. Please allow that and after that we will be proctoring you for the whole duration of the test. The platform has a feature of capturing live audio and video feeds. These feeds are also saved and are reflected on the side of your result. So, use of any kind of electronics or unfair means will be detected and will lead to immediate disqualification irrespective of the score.

**General Instructions:**

1. The machine should have a basic configuration like web cam & internet connectivity.
2. Students can select "Other" in options if they are not able to find college name.
3. If you face any issues starting the test in Chrome browser, they can also try to access it in Internet Explorer or Firefox.
4. After clicking on "Launch Test", the test will start in another window. If the window does not pop-up, check on the task bar for test window.
5. Make sure to keep the test window maximized so that the cursor does not go on another window.
6. Close all the windows before starting the test.
7. Do not click on "Finish Test" until you are done with both the sections.
8. For any query during the test, you can make use of the chat box in bottom right corner of the window.
9. If you face any issues you can write back to us or get in touch with the POC's.
10. The "Test Duration" mentioned is the time for which the test will go on.
11. "Test access time" that are mentioned are related to the accessibility of the test. You need to start your test within the given time frame.
12. Test has its own in built timer and will go on for the mentioned duration until test is submitted.

Best Regards,

Shivanshu Panwar

Dear Madam,

I hope you must have communicated to the students as I have sent information at 4:10 pm yesterday. Also I did not receive any resumes from the students which the company has demanded earlier.

Dear sir

The name of the student who is selected in Nagarro i.e."Ashutosh Tiwari" is actually wrongly mentioned. His correct name is Ashutosh Awasthi instead of Ashutosh Tiwari. To avoid any discrepancy kindly do the needful.

Thanks & Regards
